Re: General Liability claim status — Brightwater Brewing Company LLC

To whom it may concern:

At your request we are providing the current status of the General Liability claims that Keystone Claims Administrators handles on behalf of Northfield Mutual Insurance Company for the insured named above. All figures in this letter are valued as of May 29, 2026 and reflect payments and reserves posted through that date.

Carrier claim numbers are shown where the carrier has assigned one; a claim still pending carrier set-up is shown under our own file number. Our records show three claims under the policy terms listed below.

File No.	Policy No.	Policy Term	Date of Loss	Status	Paid	Reserve	Incurred
NGL-24-00318	NGL-204418-24	1/1/2024 - 1/1/2025	6/7/2024	Open	\$21,300.00	\$38,700.00	\$60,000.00
NGL-24-00911	NGL-204418-24	1/1/2024 - 1/1/2025	9/28/2024	Closed	\$8,920.50	\$0.00	\$8,920.50
KCA-118204	NGL-204418-25	1/1/2025 - 1/1/2026	2/15/2025	Open	\$2,500.00	\$22,500.00	\$25,000.00

The open bottle-failure matter remains in litigation and its reserve may be revised following the mediation scheduled for later this summer. We are not aware of any other reported incidents under these policies.

This letter is a summary prepared for the broker of record and is not a carrier-issued loss run. Please contact our office with any questions.

Sincerely,
